Scents of a joyful island

Bari Sardo

june 15th/16th

Bari Sardo

Bari Sardo is a small town on the east coast of Sardinia. The area surrounding Bari Sardo remains largely unspoilt, with a rich combination of colours and scents typical of the Mediterranean scrub.

Its coastline stands out for its beautiful beaches and pristine, clear waters, for which Bari Sardo has been awarded the Blue Flag several times over the past 15 years.

Bari Sardo's most distinctive icon is its splendid Spanish Tower, whose majestic presence dominates the entire Torre di Bari coast. The basaltic plateaus of Teccu and Su Crastu, the rolling green hills of Su Pranu and Pizzu'e Monti and the floodplains of Pranargia and Goleri shape the landscape of this area, which also boasts a fantastic archaeological heritage dating back to the Nuragic and pre-Nuragic eras.

The celebrations in honour of the Blessed Virgin of Monserrato, St.

Michael and St. Girolamo are very evocative and moving. The area is famed for a wealth of delicious traditional sweet treats, such as pabassinas and panisceddass (biscuits made with almonds), bianchinas (meringues), pani acconciu (Christmas sponge cake), amarettus (amaretto biscuits), gattou (roasted almonds with sugar), pardulas (sweets filled with ricotta cheese). Su pani pintau (Sardinian artisan bread) and su pistoccu (traditional bread from Ogliastro) are made in the traditional way in bread ovens in local bakeries and homes.
